

ALL DOUBT

Concerning Greece's Attitude
Dispelled by the Dissolu-
tion of Parliament

ANNOUNCEMENT IS RE-
CEIVED CALMLY

At Athens Although All
Wish to Avoid Elections

AT THIS CRITICAL TIME

Greek Officials Continue to
Assert That Their Coun-
try's Future Actions De-
pend Upon Allies Show-
ing Sufficient Strength to
Insure Successful Offense
Against Bulgarians.

[ASSOCIATED PRESS TELEGRAM]
London, Nov. 12.—All doubts as
to what road Greece would choose
out of the middle caused by the di-
vergent views of her political lead-
ers and as to how the policies of the
Skouloudis cabinet could be render-
ed compatible with the opinions of
the adverse majority in the cham-
ber, today were dispelled by a pub-
lic dissolution of the chamber of
deputies and publications of the de-
cree apparently was read in Athens
with calm despite the fact that all
elements hope to avoid elections at
the present difficult moment. The
Greek government, it appears, con-
sidered dissolution as the only possi-
ble means of securing for itself full
unrestricted liberty of action.

Greek officials in London and all
other points continue to assert that
Greece's future actions depend solely
upon military and not political
considerations. As soon as Greece
is convinced beyond doubt that the
allies have produced enough troops
to make possible a successful offen-
sive against Bulgaria and to remove
the danger with which Greece would
be confronted if she entered the war
inadequately assisted, Greece will, so
say her representatives in Europe,
immediately range herself on the
side of the Allies and render all the
military co-operation of which she
is capable.

Today's military news from the
Balkans makes it appear there is a
distinct possibility that the Anglo-
French and Serbian forces may suc-
ceed in gaining a part of the Nish
railway as far as Uskup.

All accounts received here of the
recent fighting in the neighborhood
of Velez state that the Bulgarians
are in full retreat after enormous
losses and that the freshly arriving
allied troops are expected to push
the advantage already attained to a
successful conclusion. In this case
the Bulgarians probably would have
to abandon the Uskup-Kutanova
line, and the whole southern portion
of the railroad would revert to en-
tente allied hands.

The Manchester Guardian inter-
prets the new recruiting announce-
ment over which there is considera-
ble discussion to mean actual com-
pulsion for unmarried men.

"To talk of voluntary enlistment
to a man who is told that if he does
not enlist voluntarily he will be en-
listed all the same," the newspaper
says, is to insult his intelligence as
well as to command his person. The
system which the press bureau
statement appears to contemplate is
not a voluntary system at all so far
as unmarried men are concerned."

Austrian Consuls Charged With Activity in Conspiracy To Destroy Munitions Factories

[ASSOCIATED PRESS TELEGRAM]
New York, Nov. 12.—State Senator
Thompson, chairman of a legislative
committee engaged in investigating
the public service commission, an-
nounced today that the committee
would recommend to Gov. Whitman
the summary dismissal of Edward E.
McCall, chairman of the commission
of this district, and had notified Mr.
McCall of its intention.

Chief of the reasons for recom-
mending Mr. McCall's dismissal,
Senator Thompson said, were the re-
velation recently made by him on
the witness stand concerning the
ownership of stock in the Kings
county light and power company, a
corporation whose activities are, to
some degree, under the supervision,
Mr. McCall testified during the in-
vestigation that he had purchased the
stock on margin prior to his appoint-
ment and about ten days before he
became a member of the commission
transferred it to his wife. He was
unable to produce a written record
of the transfer although he was de-
termined to make a pencil memoran-
dum turning the shares over to
his wife. Nor had there been revenue

President Wilson Urged to

A SUCCESSFUL OUTCOME

Of Negotiations Would Not
Be Surprising, Wilson is
Told By President of the
Peace Congress, As the
Warring Nations Would
Welcome a Proposition
From Neutrals.

[ASSOCIATED PRESS TELEGRAM]
Washington, Nov. 12.—David Starr
Jordan, president of Leland Stanford
University and head of the interna-
tional peace congress, recently held
in San Francisco, told President Wil-
son today that a quasi official meet-
ing of neutral nations probably will
be held some time before Christmas,
either at The Hague, Berne or Copen-
hagen to attempt to bring about
peace in Europe.

Dr. Jordan conveyed to the Presi-
dent a resolution from the peace
congress urging him to co-operate
with other neutrals in calling such
a conference.

In a statement laid before the
President by Dr. Jordan it was de-
clared that as a result of recent mis-
sions to the governments of the
warring nations could be stated that
while the nations at war were not
willing themselves to begin negotia-
tions for peace, there is nevertheless
abundant evidence that those
charged with the administration of
the foreign policies of these nations
would welcome or at least not op-
pose affirmative action by a neutral
agency to bring about a peace based
on international justice.

Dr. Jordan said that while no of-
ficial information was available
peace advocates had learned from
official sources in Holland, Sweden,
Switzerland, Denmark and Spain
that those countries would be glad
to take part in any movement to
further the cause of peace. Dr. Jo-
rdan was accompanied by Louis P.
Lochner, secretary of the Chicago
Peace society.

Dr. Jordan did not reveal what
President Wilson said to him, but
the President several times has taken
the position that he will be glad to
do anything of a practical nature to
end the war.

Dr. Jordan said the details of the
plan proposed by the peace congress
could easily be changed to meet con-
ditions. He refused to predict wheth-
er the peace efforts would be suc-
cessful in the near future.

More Republicans Get Appointments

[ASSOCIATED PRESS TELEGRAM]
Columbus, Nov. 12.—Frank Fauver,
superintendent of public works, today
appointed these foremen in the de-
partment: G. A. Marquardt, Columbus,
to succeed H. B. Madden, salary \$100 a
month; W. T. G. Snyder, Bellefontaine,
to succeed J. A. Weber, Lakeview, sal-
ary \$125 a month; J. W. Makley, St.
Marys, to succeed W. P. Sharkey, sal-
ary \$100 a month. All are Republi-
cans and are appointed provisionally.

Stamp attached to the transfer as required by law. He admitted, an omission, he said, due to an over- sight.

Formerly Justice of the state
supreme court, Mr. McCall was ap-
pointed by Gov. Sulzer in 1913, as
chairman of the public service com-
mission of this district. He resigned
from the bench to accept the position.
In the fall of 1913, he was the
Democratic candidate for mayor of
New York, but was defeated by John
Puroy Mitchell, the fusion nominee.
Mr. McCall did not resign office dur-
ing the mayoralty campaign.

Shortly after Gov. Whitman as-
sumed office, Mr. McCall and his as-
sociates were the subjects of a legis-
lative investigation which resulted
in the submission of both majority
and minority reports.

Senator Thompson indicated that
the commission's report and recom-
mendations would be forwarded to
Gov. Whitman today. If the docu-
ment could be completed in time.

Before the committee began its
labors today, Mr. McCall said that he
would not resign as chairman of the
public service commission.

Unexplained Delays in Definite News Regarding Sinking of Ancona Most Puzzling to State Department

[ASSOCIATED PRESS TELEGRAM]
Washington, Nov. 12.—State de-
partment officials were perplexed to-
day over the unexpected delays in
getting definite official information
on the sinking of the Italian liner
Ancona with probable loss of Ameri-
can passengers. No dispatches had
reached the state department early
today although Secretary Lansing
had confidently expected to get word
from Rome, Marseilles and other
points near the scene of the disas-
ter.

All information so far has been
fragmentary.

A consular official has been or-
dered to Tunis from a nearby post on
the assumption that consul James B.
Young is not there and on the offi-
cial's arrival he is expected to get
dispatches through as quickly as
possible. Meanwhile, Ambassador
Page at Rome is expected to send
some definite details. His official
dispatches so far make no reference
to the circumstances of the firing
upon the liner, the question of warn-
ing, the nationality of the submarine
and other details which are to be
cleared up as promptly as possible
by the taking of testimony of sur-
vivors.

TRIED TO ESCAPE

Is the Excuse Given by German Ad-
miralty Semi-officially.

[ASSOCIATED PRESS TELEGRAM]
Berlin, via London, Nov. 12.—The
Ancona case as yet belongs to the
category of submarine incidents re-
garding which German naval circles
have no news except that which
comes from hostile sources. Even
the semi-official announcement made
yesterday that the Ancona was sunk
while trying to escape was derived
from accounts sent out by the Havas
and Stefani News agencies.

Nothing has been published here
from the Austrian side and it was
stated at the admiralty that so far
as known the Austrian government
has received no report of the inci-
dent.

Rome, Nov. 11.—Via Paris, Nov.
12.—U. S. Ambassador Page called
at the foreign office and had a long
talk with Baron Sonnino. The na-
ture of the conference is unknown,
but it is assumed the sinking of the
Ancona was discussed informally.
The Italian government has ordered
a rigid investigation of the disaster.
The inquiry is proceeding under the
direction of the Italian consul at
Tunis assisted by Italian naval offi-
cers. A special effort is being made
to determine all the facts relating to
international responsibility, whether
warning was given and whether an
opportunity was afforded the passen-
gers to escape. It is expected here
this investigation will have a bear-
ing on any diplomatic representa-
tions the United States may make in
behalf of American passengers on
board the steamer.

Both Young Men Sentenced to the Ohio Penitentiary for
Life by Judge T. B. Fulton, When Told by Prosecutor
J. W. Horner that the State Would Accept The
Pleas of Guilty to Lesser Crime
Than One Charged,

ACCOMPLICE'S CONFESSION WAS PRINCIPAL EVIDENCE

Upon Which Prosecution Had to Rely—Policeman Was
Shot While On Duty at the Wyeth-Scott Company's
Office In North Newark When He Detected Three
Men In Act of Entering for the Purpose of Blowing
the Safe—History of the Case, and the Arrest of the
Three Suspects One of Whom Still is In Jail.

Charles Athey and David Stiffen were sentenced to the penitentiary
for life this morning by Judge T. B. Fulton for the murder of Patrol-
man Walter Bosscowan in this city early in the morning of July 1, last.
Athey, Stiffen and Wilbur Sorrell, the latter a brother-in-law of
Athey's were indicted for the crime of murder in the first degree by the
recent grand jury. While confined in the county jail Sorrell made a
full confession implicating himself and two companions. It was under-
stood that he would turn state's evidence and that fact coupled with
the knowledge that their attorneys had but little grounds on which to
base a defense caused Athey and Stiffen to change their plea of not
guilty to that of guilty of murder in the second degree, which was ac-
cepted by the state.

Patrolman Bosscowan was shot early on the morning of July 1st
while guarding the office of the Wyeth-Scott Company corner of Man-
ning street and the B. & O. Railway tracks. An attempt had been made
to dynamite the safe some nights before but the resmen evidently were
frightened away. It was thought they would return and Patrolman
Bosscowan was stationed in the office with orders to shoot if any one
attempted to enter. The Patrolman had been doing duty at that office
shortly before the time of the tragedy by guarding it at night as it was
thought an attempt would be made to blow the safe.

When the yeggmen appeared at
the office, one of them entered
through the window and another
was part way through the window
when a door of the toilet room was
noticed to be partly open. One of
the men started for the door when
Patrolman Bosscowan opened fire
and in the battle that followed the
patrolman was shot through the ab-
domen, but not until he had emptied
his revolver at the yeggs. A third
man stationed on the outside shot at
the patrolman twice through the
window. Bosscowan had strength
enough to summon help from the pa-
trol station, using the telephone for
that purpose. He was rushed to the
City hospital and lingered for a lit-
tle over ten days, when he died,
never being in a condition to identify
the men suspected of the shooting.

On Saturday afternoon, July 3,
Chief Sheridan and force of offi-
cers found Charles Athey at his
home with two bullet wounds in his
leg. He was taken into custody
with his brother-in-law, Wilbur Sor-
rell, and the latter after a few days
confinement admitted to the crime,
implicating David Stiffen. The lat-
ter was captured about a month lat-
er at Chicago Junction by B. & O.
trainmen, a reward of \$200 having
been offered by the county commis-
sioners for his apprehension.

Sorrell in a signed confession
made before witnesses told of the
shooting of the patrolman and of
robberies and safe blowings of the
trio in various parts of the city.
This was to have been used at the
trial of Athey which was set for next
Monday. Attorneys Ray Martin and
Phil B. Smythe were appointed by
the court to defend Athey and At-
torney B. F. McDonald was appoint-
ed to defend Stiffen. The two pris-
oners agreed to change their former
plea of not guilty to that of guilty
of murder in the second degree if
the state would agree.

Athey and Stiffen were brought
into court this morning at 10
o'clock. Attorney Martin addressing
the court stated that their client
desired to change his plea of not
guilty to guilty of murder in the second
degree.

Judge Fulton then requested
Athey to stand up and addressing
him asked if the statement just made
by his attorney was in accordance
with his wishes and the prisoner re-
plied that it was.

Attorney McDonald next stated
that his client, David Stiffen, also
desired to change his plea of not
guilty to guilty of murder in the
second degree. Stiffen was asked
by the court if that was his wish
and he replied that it was.

Attorney Smythe next addressed
the court stating their reasons for
advising their clients to change
their pleas.

Prosecutor J. W. Horner next ad-
dressed the court stating that the
state would accept the plea of guilty
of murder in the second degree.
That this was done for several rea-
sons: That the greater part of the

Whitman Asked to Remove Public Service Commissioner Guilty of Gambling in Stocks

[ASSOCIATED PRESS TELEGRAM]
Washington, Nov. 12.—Published
charges, attributed to Dr. Joseph
Gorlicar, former Austro-Hungarian
consul at San Francisco that Austri-
an consuls in the United States,
working under the direction of Con-
sul General Von Nuber, and Count
Von Bernstorff, the German ambas-
sador, are active in propaganda for
destruction of munitions factories
and fomenting strikes among the
workers, will be referred by the
state department to the department
of justice for investigation.

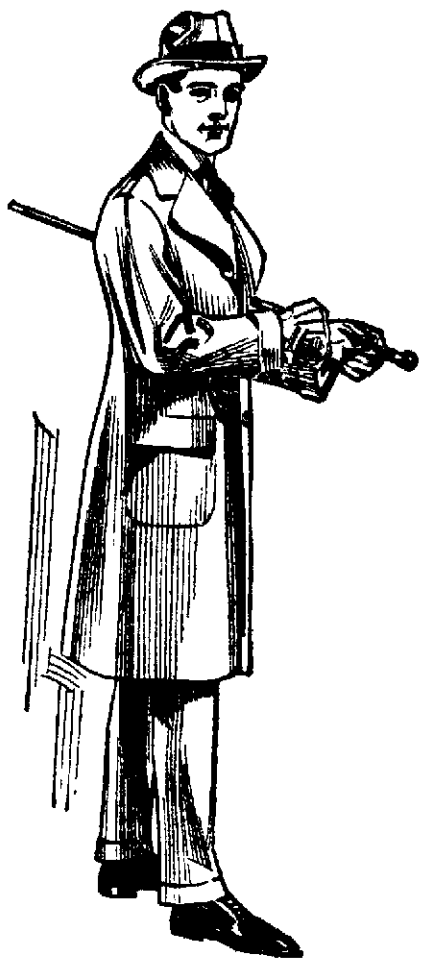

The Austrian embassy here de-
nounced Gorlicar's published state-
ment as untrue in every particular,
and announced it would try to find
some way to prosecute him for it.
Gorlicar, the embassy said, left his
post on leave and failed to return.

Secretary Lansing today declined
to comment on the charges as had
been his invariable custom when
dealing with like cases which were
of an official character. The depart-
ment of justice has a good deal of
information on hand regarding the
activities of Consul General Von
Nuber, which it gathered while in-
vestigating his connection with the
case of Dr. Dumba, the recalled Aus-
trian ambassador, but so far has
not furnished definite on the charges at-
tributed to Dr. Gorlicar. In substance
Gorlicar is accredited with making
the statement that he resigned his
post after fifteen years in the Aus-
trian consular service because he de-
clined to perform the work of a spy.
He charges that while consul at San
Francisco Commander Maximilian
Burstyn, the Austrian naval attaché
at Washington, ordered him to gath-
er plans of the fortifications of San
Francisco harbor, and along the
Pacific coast and to get especially
details of the works at Bremerton
Navy yard. When he refused Gorli-
car is credited with saying, he was
transferred to Berlin, where, after
five months he was ordered to pro-
ceed to Vienna which he feared to
do because of his pro-Slavic affilia-
tions, so he fled to Rome, where he
resigned last December.

Gorlicar's story contends that the
German ambassador, working with
Von Nuber, is in touch with the
Austrian consuls at Cleveland, St.
Louis, Pittsburgh, St. Paul, Chicago
and Philadelphia, who spread propa-
ganda among the foreign workers
in the munitions factories, and such
activity, Gorlicar alleges, extends
even to controlling the foreigners
through fraternal and secret organi-
zations. The alleged extent of the
activities of the Austrian consuls
and the so-called spy system are de-
scribed at length in Gorlicar's record
shows he first came to this country
in 1899 and was consul at Pitts-
burgh, Denver and finally San Fran-
cisco, where he served three years.

Three candidates for office at the election a week ago Tuesday spent more than \$200, according to expense accounts filed with Michael Sachs, clerk of the board of elections this week. Candidates have until midnight tonight to get in under the wire with their accounts.

and probably if you live the usual time that men ordinarily live at your age, you will have a good many years before you, and the years are now to be years of imprisonment and confinement as a punishment for a crime that you have committed against society.

Your record previous to this has not been good. The court is sorry—very sorry—that you grew up in the way that you did, and started on the course that you did, because it has ended where just such courses always bring a man. You have a long period before you. You will be surrounded in the penitentiary with religious influences, and if you behave yourself and make a good prisoner, and do the things

which you ought to do while you are imprisoned, your life will be much easier and you will get along much better.

The court thinks that you ought now to see the evil consequences of doing wrong, and see where this has led you, and from this time on you ought to do everything in your power to overcome the bad influences that you had at the starting of your life. There is hope for you. If there is not hope in this world, there is in the next world, and all that I can say to you is that I hope you will be a good prisoner, and do everything that you are asked to do, and that you will try in every way that you can to obey everything that is commanded of you while you are there, and that you will do everything that is in your power to be forgiven of this terrible crime that you have committed. Now, I cannot say anything further to you, and I hope that this will be done by you, because if you do, there is hope for you. If you do not do it, there is nothing for you.

The remarks that I have made to Charles Athey, I make to David Stiffen, and it is not necessary for me to say anything further to you. I hope you will do the best that you can under the circumstances that surround you. Try to live a better life, and do everything that you can to reclaim yourself for the errors of the past.

Athey and Stiffen will be taken to the Ohio penitentiary at Columbus on Saturday morning.

Mi-o-na, the famous dyspepsia remedy has helped so many of his customers that T. J. Evans says: "If this remedy does not relieve you, come back to my store and I will cheerfully return your money."

Anyone who has dyspepsia, indigestion, headache, dizzy feelings or liver troubles, should take advantage of this chance to be made well without any risk of spending their money to no purpose. Mi-o-na will relieve you, will regulate the digestion, will enable you to eat what you want. If it does not do all this it will not cost you a cent.

COSTLY

CAMPAIGN CONDUCTED BY OHIO
DRY FORCES FOR
PROHIBITION.

Liberal Interest Also Had Heavy Expenses in Their Fight Against Proposed Amendment.

(Associated Press Telegram)
Columbus, Nov. 12.—Receipts and expenditures running far above \$100,000 for the campaign in behalf of the prohibition amendment were reported today by the Ohio Anti-saloon League and county dry organizations in financial statements filed with the secretary of state. Accurate totals were not available, but it was said by Anti-saloon League officials the complete expenses might run to several hundred thousand dollars. This was the last day for the filing of these statements. The Hamilton County Dry Amendment League received \$11,092, \$5000 of which was donated by James N. Gamble, and spent the whole sum.

It cost \$3613 to manage the William J. Bryan tour of Ohio for the prohibition cause according to the statement of Rev. W. M. Hindman, of Columbus. Expenses were paid largely by dry organizations in counties where he spoke. Hamilton and Cuyahoga counties gave \$250 each, Lucas 200, Montgomery and Franklin \$150 each, Summit \$100, and other counties lesser amounts.

The dry campaign committee of Cuyahoga county received \$10,907, mostly in small contributions from citizens, and spent \$10,006, the statement filed by David W. Teachout, treasurer, showed.

The united dry campaign committee of Lucas county spent \$12,233, and received only \$7,372, leaving a deficit of \$4,861. T. W. Warner donated \$1000 and Edward Ford \$2500.

The Montgomery County Dry federation received \$10,345 and spent \$10,116. The Summit county Dry Amendment league received \$11,092 and spent that amount.

Adam Huebner, Cincinnati, treasurer of the Ohio Labor Home Rule League, filed a statement showing he paid out \$12,388, and had receipts of that amount. John A. Voll, Zanesville, president of the Ohio Federation of Labor, was paid \$50 for "two weeks agitation in Muskingum county."

This organization was opposed to the prohibition amendment. The Catholic Prohibition League of Ohio received and spent \$102 in a campaign for prohibition.

The Business Men's League of Scioto county, which was opposed to dry amendments, had receipts of \$6,356 and expenditures of nearly that amount. The Ohio Home Rule Association contributed \$1680 and the Scioto County Liquor League \$4,676. The Stark county Dry Federation received \$4081 and spent \$4024.

The Summit county Home Rule Association's receipts were \$10,663 and expenditures the same. The Summit County Brewer's Association gave \$2,103, Ohio Rule Association \$4,960, and Summit county Retail Liquor Dealers' Association \$3,500.

The Allen county Dry League received \$2,961 and spent \$2,231; the balance will be turned over to the Ohio Anti-Saloon League treasurer T. T. Sidener reported.

Charles W. Gibson, treasurer of the Muskingum County Home Rule association reported he had received \$2,698 and paid out \$2,675 to F. A. Bohn, secretary and manager of the Muskingum County Home Rule association. Bohn reported he had spent this amount largely in small amounts for precinct workers and advertising. W. M. Crippen donated \$1,000 to the County Home Rule association. The Zanesville Liquor Dealers' association received \$2234 and spent \$1400. Roy A. Hall, chairman of the Young Men's Boosters for Prohibition collected \$119 and spent that amount.

The Butler County Dry Federation received \$1854 and spent \$1800. The Ashtabula County Home Rule association collected and disbursed \$2074 in its fight against prohibition. J. J. Koski received \$100 a week as manager, the report showed.

The Ashtabula county dry league received \$1031 and spent \$1115, for its prohibition campaign.

The Hancock County Dry association's receipts were \$2499 and its expenditures \$2112.

The Erie County Dry committee received and spent \$438.

TAR SOCIAL TO BE HELD IN NEWARK

An enthusiastic meeting of the local members of the Buckeye Lake Yacht Club was held at the offices of the Ohio Light and Power Co. last evening and a smoker was indulged in and many projects advanced for next season, which will include improvements to be made at the handsome club house at Buckeye Lake.

The meeting was honored by the presence of Commodore W. L. Whitacre, Secretary G. B. Nutter and Chairman of the Board of Governors H. C. Holbrook, all of Columbus.

It was decided to hold one of the club's famous tar socials in this city in January and this will be followed with another in Columbus late in February. At these socials a program will be provided which will be up to the standard of those of former years and will include entertainment of a high class and a banquet of the best things which can be secured in the markets.

Arrangements were made at the meeting to provide dressing rooms for the bathers by installing them in the basement. They will be arranged for men and women and will be fully equipped. The bathing beach will also be taken care of and improved.

Special care will be given the kitchen and dining room next season and the superintendent of same will be an expert, it being decided to make the culinary department a special feature where the best of everything can be secured.

Six new applications were received at last evening's meeting and a number of others will make application in the near future.

BALMY NATURE'S SWEET RESTORER

Is Sleep, Says the Poet, and Nerv-
Worth Restores Sleep.

Nerv-Worth is a nerve tonic. It goes straight to the seat of nervous ills and tones the nerves up. It quiets the nerves. It steadies them and in doing this it lays firm foundations for restful sleep.

Among the hundreds of written testimonials setting forth the benefits derived from Nerv-Worth very few omit mention of the wonderful power of the tonic to bless the user with normal, restful, strengthening sleep. If it did this only it would still be one of humanity's richest boons. But it brings prompt relief from all the other ills of the nerves—indigestion, nervousness, dizziness, weakness and weariness, loss of flesh, sick and nervous headaches, pains in back, head, side and chest and bowel trouble.

Druggist T. J. Evans sells Nerv-Worth and willingly returns your dollar if the tonic does you no good.

ANOTHER PAGE ADVERTISEMENT

IT IS SAID THAT OPPORTUNITY
DOES NOT KNOCK AT YOUR
DOOR A SECOND TIME.

This Is Not Literally True, for
Today, Opportunity Is Again
Knocking.

Early this week The Advocate printed a full page advertisement for Mr. Frank D. Hall, the popular druggist, to introduce the Rexall remedies. Mr. Hall said to the writer that he was afraid he was not going to be able to supply the demand created by this advertisement without ordering another supply from his jobber. This goes to show the pulling power of The Advocate's advertising columns.

Today we publish another full-page advertisement for the B. J. Johnson Soap Company of Milwaukee, Wis., introducing Palmolive soap, a soap of recognized merit.

Here is another opportunity for the readers of The Advocate to secure double value, and we trust they will take advantage of this opportunity. You secure two ten-cent cakes of Palmolive soap for the price of one by clipping the coupon from the advertisement which appears on page 7 of today's paper.

Mr. Conwell in his lecture "Acres of Diamonds" points out to us that we often neglect the opportunities lying in our own backyard. Let the readers of The Advocate endeavor to prove that this assertion does not always hold good, by taking advantage of this wonderful opportunity given them by the B. J. Johnson Soap Co. Don't forget the coupon on page seven of today's paper

White and Edward Smucker, asking damages in the sum of \$5000 for alleged injuries which he received when the defendant's automobile collided with a horse and buggy at the corner of Wilson and Sixth streets on Aug. 4, 1912, Dennis being in the buggy at the time.

Another Damage Suit.

Attorney B. G. Smythe has filed a petition in common pleas court for Herman Smoke, in which the plaintiff claims to have been damaged to the amount of \$5000 by Simon L. Tatham. The petition recites that on Sept. 29, 1915, the defendant struck him with a large stone, lacerating the left side of the plaintiff's face and completely destroying his eyesight in his left eye. Plaintiff alleges that as a result of same he will be sick and disabled for a long time and will be unable to attend to his duties.

Suit for Damages.

Jennie O. Claggett, through her attorney, B. G. Smythe, has begun an action in common pleas court asking the board of county commissioners in which she asks damages in the sum of \$1150 which she alleges she sustained in the improvement of the "old plank road," by having dirt and gravel hauled from her land and by having the water from Hog Run overflow and damage a house, barn and grocery store. The plaintiff owns four acres along the improved highway between Newark and Jacksonville.

How Actresses Remove Hair From the Underarms

Many are enthusiastic in their use of the sanitary liquid, El Rado. It is the only preparation ever endorsed by Julia Eltinge, foremost impersonator of beautiful women; also Stella Mayhew, Rosalia Dolly and others.

Whether on face, lip, neck, or arms, El Rado removes the hair so quickly it is no more trouble than washing. Easily applied with piece of absorbent cotton, or small sponge. Does not coarsen later hair growth, as is the case with shaving. Absolutely harmless; no disagreeable odor; money-back guarantee. At all toilet counters, 50c and \$1.00.

If you prefer we will gladly fill your order by mail direct, in plain wrapper, if you will write inclosing stamps or coin. Pilgrim Mfg. Co., 45 East 18th Street, New York.

Theatres

Tonight's Attractions.

Alhambra—"The Yankee Girl," (Blanche Ring.) Grand—"Freckles," (Ruth Stonehouse) and Hearst-Selig News Pictorial.

Mazda—"The Unwilling Thief," "Banker and the Thief." Auditorium—"Tess, of the Storm Country," (Nancy Boyer Stock company.)

Tess of the Storm Country. "Tess of the Storm Country," a dramatization of Grace Miller White's novel of the same name will be the offering tonight at the Auditorium Theatre, by the Nancy Boyer Company.

The scenes are laid on the shores of Lake Cayuga, New York, where Tess grows up a rugged child of the forest without education or refining influence.

A young minister is attracted by the wild beauty of Tess, whose father has been arrested for murder and believing in her goodness teaches her the new life.

"Tess" is said to be Miss Boyer's greatest part. One moment the audience is convulsed with her witty sayings and the next they are moved to tears with her pathetic appeal to save her father from prison.

The story of "Tess of the Storm Country" contains that heart punch which is lacking in the problem plays of the day. It is simple and sweet in its theme and one fairly loves the character of Tess.

The Auditorium was again packed last night to see Nancy in "He Fell in Love with His Wife."

For Saturday matinee Tess of the Storm Country will be repeated.

The Great Howe Pictures.

Standing upon the deck of the latest U. S. submarine spectators will see these much discussed "U-boats" plunging through the sea—now on the surface and again totally submerged with nothing visible but the tip of the periscope, but always plunging swiftly through the briny deep. These pictures were secured by Mr. Howe during the recent submarine maneuvers since his last engagement here.

Captivating portrait studies of "young Holland" forms another feature which, for oddity, picturesqueness, and wondrous photography, is of excellence. This series also includes a film excursion to Bruges, in Belgium, where stately buildings of ancient glory are passed during a fascinating ride through deep canals and underneath quaint bridges which give the city its name—Bruges.

It will be welcome news, too, that those animated caricatures which are always such a pleasing and popular feature of Howe's exhibition will be as much in evidence this time as ever before. As a demonstration of photographic cleverness and ingenuity, they are in a class entirely by themselves. Equally welcome will be the announcement that in response to innumerable and insistent requests Mr. Howe will make an exception to his rule relative to not repeating any film shown previously, and in this instance will give his patrons one more opportunity to smile, then laugh and finally scream at the antics of that king of babydom, entitled "Our Baby." Auditorium matinee and night, Sunday, Nov. 14.

SUFFERS 15 YEARS FROM ASTHMA; NOW IN BEST OF HEALTH

ASHER W. DOOT

After suffering from bronchial asthma—so-called by physicians—for almost 15 years, Asher W. Doot, 20, of Royal Center, Ind., writes that he is "simply feeling fine. I owe it all to Nature's Creation for putting me on the right road to health."

The following is from a letter of Mr. Doot's, dated June 3, 1915: "I can not every day, but I feel like an old man. The worst seasons to aggravate asthma are rainy and cold. I feel better than I have ever felt in my life. I hope you will continue your good work with Nature's Creation and help other poor suffering people as you have me."

If you suffer from asthma—no matter how aggravated your case—don't be despondent or in despair. Try Nature's Creation as so many others have done and recovered their health. This remedy has accomplished wonderful results in cases of asthma and tuberculosis and conditions leading to them, such as bronchitis, catarrh, impure blood and run-down system. Without delay you should write for copy of our new booklet. "Truth, containing photos and testimonials from grateful people who formerly suffered, perhaps even more than you."

Address: M. J. Hayman, 208 Central Nat'l Bank Bldg., Columbus, Ohio. Send no money. Send only the original and genuine Nature's Creation.

Chicago Grain
(Associated Press Telegram)
Chicago, Nov. 12.—Wheat: Receipts and the weather tended today to make the wheat market sag. Firmness of quotations at Liverpool, however, brought about a temporary show of strength at the start. The fact that domestic stocks continued to be small operated somewhat as a check on the bears. Opening prices which ranged from 1 1/2 to 1 3/4, with December 1 1/2 to 1 3/4, were followed by slight gains and then a downturn to well below last night's level all around.

Announcement that exports of wheat and flour this week were the largest on record helped later to bring about a sharp upturn, and so too did an active milling demand at Minneapolis and a material reduction of estimates of the world's exportable surplus. The close was nervous as to 1/4 to 1/2 net.

UNEXPLAINED

(Continued from Page 1.) sign question before the cabinet today but no definite action was expected until full official details were at hand.

It was stated at the White House, however, that the cabinet meeting today was called only because the President wanted to get in touch with his official advisers before the opening of congress to discuss his annual message, and legislation affecting their departments. From now on, cabinet meetings will be held regularly twice a week.

The principal subject taken up at today's cabinet meeting was how to raise the money for carrying out the defense plans. No definite conclusion was reached, but the prevailing idea was to avoid a bond issue. The subject will be considered further at conferences between the President and Democratic leaders of the senate and house.

Secretary Houston said that the agricultural interests of the country were in very good condition. Other optimistic reports of business conditions were laid before the cabinet.

Every Woman Loves Fine Furs

And if you intend purchasing new ones, either for yourself or as a Christmas gift, we advise you to choose your furs early this year.

After several years of very low prices, furs have taken a decided advance, the lack of dyestuffs and the big demand for fur trimmings being among the direct causes. Our present complete stock was secured early in the season before the big advance in price, consequently we are able to offer it at the same prices as in previous years, but whatever reorders we send in, will be from 25 to 100% higher in price.

Select them now, we will hold them for you. Scarfs and muffs in either separate pieces or sets in natural mink, Jap mink, blended mink, black lynx, seal, black fox, American Beaver, natural opossum, coney, grey fox, red fox, tiger coney, civet cat and raccoon. \$15.00 will buy a pretty fur set in red fox, brown or black coney, tiger striped coney, brown and black opossum.

If You Want Furs for Children

For Christmas gifts, select them now and let us hold them until you are ready for them. Our present stock is offered at the old prices, but on all reorders we will be obliged to advance the price from \$1.00 to \$5.00 a set. We advise you to select furs at once.

(ASSOCIATED PRESS TELEGRAM)

Columbus, Nov. 12.—Ohio today observed her first agricultural day, designated for observation by proclamation of Governor Willis. Schools, granges, commercial organizations, churches and lodges planned on holding special exercises to honor the industry of farming. It was the first official agricultural day ever arranged in any state, officials said. Even city interests joined in the celebration today. Chambers of commerce in 61 cities and towns arranged special programs at meetings for farmers and others interested in agriculture. Dinners for farmers were held at Springfield, Lima, Canton, and Youngstown. At Springfield the banquet was to be attended only by farmers, although under the general management of the city's Commercial Club.

Classes were suspended at Ohio State University during the afternoon and Renick W. Dunlap, secretary of the board of agriculture and an alumnus of the institution, was the principal speaker at a meeting of students and faculty members. J. R. Clarke, supervisor of juvenile contests for the board of agriculture, who is accredited with having originated the idea of agricultural day, was a speaker before the Central Ohio Teachers' association at Dayton.

Hundreds of schools, particularly those in rural districts, held exercises. It was estimated by state agricultural officials today that 1,000 men had made engagements to speak on farming subjects before school or church audiences.

INSTALLATION OF NEW MINISTER AT CHURCH IN UTICA

(Special to Advocate.)

Utica, Nov. 12.—One of the most pleasant social evenings of the season was spent by the class of 1916 at the home of Miss Freda Snook on Central avenue, last Friday. The entire class—thirteen at present—and all the high school faculty were present. The hours were spent in various games after which a fine luncheon was served. The seniors certainly know how to entertain.

Rev. Mr. Du Hadway of the local M. E. church attended a meeting of the ministerial association held in Bucyrus, Monday and Tuesday.

About twenty-five from here attended the services in connection with the dedication of the new Disciple church at St. Louisville, Sunday. Rev. L. G. Walker of Centerville and Wilmer Walker of Canton were the principal speakers.

Mrs. Daisy Roberts of Mt. Vernon spent Saturday and Sunday with Dr. and Mrs. A. E. Smith. Mrs. Roberts is a sister of Mrs. Smith.

A special meeting of the Cecilian Music club was held Tuesday evening at the home of Mr. and Mrs. George Martin, south of town. The occasion was the regular annual reception given in honor of the hands of the members. The special musical program was followed by a few contests in which Mrs. Roy Denison and Mr. J. W. Lake received first prizes, and Mr. J. A. Cree took the consolation prize. A very fine and ample two-course lunch was served, after which all retired to their homes, wishing that such an event might occur oftener.

Evangelistic services conducted by Rev. Gny Strickland have been in progress at the First Christian church since November 3, and will continue until November 21. Rev. Mr. Strickland's brother, a cornetist, is assisting in the meetings.

The installation services, relative to the advent of their new pastor, the Rev. Mr. Mergler, will be held at the Presbyterian church this week, Friday evening. Ministers from Newark and Zanesville will assist. The public is invited.

Miss Helen Benedict, teacher at Plymouth, O., was home over Saturday and Sunday.

Mr. and Mrs. Dan Casey of Cleveland returned home Tuesday, after spending ten days visiting relatives and friends here and at St. Louisville. Superintendent and Mrs. Walter Howell and Superintendent Districts C. P. Smith of Supervisory Districts 3 and 4, respectively, left Thursday evening to attend the annual meeting of the Central Ohio Teachers' association, held at Dayton Friday and Saturday.

Miss Fay Hulshizer of Granville visited with Mrs. Ray Thatcher the first of the week.

A surprise party was given Rev. and Mrs. W. J. Du Hadway at their home on North street last Tuesday evening. A large crowd was present and a general good time was had.

The ladies of the M. E. church have announced a fine dinner to be given in the church basement on Thanksgiving day. The public is invited. The popular price of 25 cents will be charged.

THEY REFUSE TO EAT

At periods in most children's lives they fail to relish their meals and refuse to eat even the delicacies prepared to tempt their appetites. They lack ambition, and growth seems impeded, which causes anxiety and worry.

To compel them to eat is a grave mistake, because nutrition is impaired. Healthful exercise in fresh air and sunshine is important, but equally important is a spoonful of Scott's Emulsion three times a day to feed the tissues and furnish food-energy to improve their blood, aid nutrition and sharpen their appetites.

The highly concentrated medicinal food in Scott's Emulsion supplies the very elements children need to build up their strength. They relish Scott's—it is free from alcohol.

FRENCH DEFEAT BULGARS; CITY'S FALL IMMINENT

Veles is about 27 miles southeast of Uskub on the railroad to Saloniki. A successful French cavalry raid which reached the environs of the city led to an erroneous report that it has been captured Wednesday.

MEAT INJURIOUS TO THE KIDNEYS

Take a tablespoonful of Salts if Back hurts or Bladder bothers—Meat forms uric acid.

We are a nation of meat eaters and our blood is filled with uric acid, says a well-known authority, who warns us to be constantly on guard against kidney trouble.

The kidneys do their utmost to free the blood of this irritating acid, but become weak from the overwork; they get sluggish; the eliminative tissues clog, and thus the waste is retained in the blood to poison the entire system.

When your kidneys ache and feel like lumps of lead, and you have stinging pains in the back or the urine is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night; when you have severe headaches, nervous and dizzy spells, sleeplessness, acid stomach or rheumatism in bad weather, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys, to neutralize the acids in urine so it is no longer a source of irritation, thus ending urinary and bladder disorders.

Jad Salts is inexpensive and cannot injure, makes a delightful and refreshing lithia-water drink, and nobody can make a mistake by taking a little occasionally to keep the kidneys clean and active.

SAGE TEA TURNS GRAY HAIR DARK

It's Grandmother's recipe to bring color, lustre and thickness to hair when faded, streaked or gray.

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray, streaked and looks dry, wispy and scraggy, just an application or two of Sage and Sulphur enhances its appearance a hundred-fold.

Don't bother to prepare the tonic; you can get from any drug store a 50-cent bottle of "Wyeth's Sage and Sulphur Compound," ready to use. This can always be depended upon to bring back the natural color, thickness and lustre of your hair and remove dandruff, stop scalp itching and falling hair.

Everybody uses "Wyeth's Sage and Sulphur" because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time, by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy, lustrous and abundant.

Y. W. C. A. BUILDING A FAVORITE PLACE AT THE BIG PANAMA-PACIFIC EXPOSITION

"The Y. W. C. A. building is the busiest spot at the fair, and it radiates good temper and good will," writes a correspondent. "There is no limit to the kindness expressed; it doesn't matter who you are or where you come from or what your age or how execrable your taste in dress, if you need them the Y. W. C. A. is there to help you. If you are an enterprising mamma who has had the temerity to bring the baby and little Johnnie and Ethel they will see that the burden proves a light and happy one."

They will mind any kind of baby from a month old upwards at the modest sum of 25c per day, and make them so happy that they show a disconcerting reluctance to rejoin the family.

If you are elderly and find that the exposition is a bit overwhelming after 60 years of age, the Y. W. C. A. has comfy chairs and rest places and ethereal cups of tea for you.

The Dinner Line. "But perhaps the noblest thing they are doing is to provide cheap, good food, at a dazzling cafeteria within the grounds, where one may appease hunger at a lower cost than one could cook it at home. The dinner line extends for a quarter of a mile at meal times and several thousand people eat at the Y. W. C. A. building three times a day."

A woman's organization, but the male itinerant makes more than half the dinner guests and the cooking is worthy the most exacting male palate, too. It was delightful to see whole families, revelling in the exposition joys was obviously could not have afforded the happiness unless some such amiable provision had been considered.

The Y. W. C. A. has lists of homes where one can give homes personally known to them, and many thousand modest persons find it possible to spend several weeks in San Francisco for as low as \$6.50 a week. I have met scores of people who have assured me that \$10.00 a week covered their whole expense including admission duty to the fair, the sort of people who inhabit the home towns and build up great communities.

Then there are the first aid treatments with competent trained nurses to meet every emergency. For the Girls. "An employment bureau is another of their kindly considerations. They have placed thousands of girls in positions and keep in touch with them as long as they desire it, no longer, never a hint of officious interference, just friendliness to the heart's content."

"The Y. W. C. A. has built and equipped a club house for employed girls. It is a bungalow of red cedar and built upon the zone. The zone is the trivial local where all the dime excitements are sequestered. The club house contains a big club room furnished with comfortable chairs, books, luncheon tables, a piano and a sewing machine; there is a darkened rest room, a bath room supplied with tub and foot baths, a toy kitchen from which 15 persons are served daily and a little office where there is opportunity for a quiet talk with the hostesses or some other of the secretaries."

"Before the club house was built it was difficult for the Association people to come directly in contact with the employed girls at times convenient for both. A girl might be on the stage or dressing for it, they have been known to change costumes 51 times a day. A home-like, wholesome luncheon is the perpetual need, and is perpetually sought out. A cashier on a ten-minute rest can dash in for soup and pie, a cent a minute. Girls from the chocolate and candy concessions ask, 'What have you got that ain't sweet?' Girls who have had only

WOMAN REFUSES OPERATION

Tells How She Was Saved
by Taking Lydia E. Pinkham's Vegetable Compound.

Louisville, Ky.—"I think if more suffering women would take Lydia E. Pinkham's Vegetable Compound they would enjoy better health. I suffered from a female trouble, and the doctors decided I had a tumorous growth and would have to be operated upon, but I refused as I do not believe in operations. I had fainting spells, bloated, and could hardly stand the pain in my left side. My husband insisted that I try Lydia E. Pinkham's Vegetable Compound, and I am so thankful I did, for I am now a well woman. I sleep better, do all my housework and take long walks. I never fail to praise Lydia E. Pinkham's Vegetable Compound for my good health."—Mrs. J. M. Resch, 1900 West Broadway, Louisville, Ky.

Since we guarantee that all testimonials which we publish are genuine, is it not fair to suppose that if Lydia E. Pinkham's Vegetable Compound has the virtue to help these women it will help any other woman who is suffering in a like manner?

If you are ill do not drag along until an operation is necessary, but at once take Lydia E. Pinkham's Vegetable Compound.

Write to Lydia E. Pinkham Medicine Co., (Confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

a cup of coffee for breakfast make a good dinner here for 17 or 22 cents. All day long they drop in, at 9 in the morning a haggard woman pays 3 cents for towels and soap, and requests that a good breakfast be ready when she comes out from her bath. Last night when she was made up for the stage she looked 16, this morning about 60.

"People come in until late at night, children of show women and 'freaks' spend some time here instead of on the zone. Perhaps a Maorie or Samoan girl helps to amuse them. One of these visitors from the Pacific ocean, who was learning English in a little class in the club house carried her prize home and in her leisure time between shows, taught to a dozen other girls what she herself had just learned."

"The zone club secretaries have interfered on behalf of many groups of 'entertainers.' They found that the Russian girls who had to change costumes 28 times a day had no privacy, their dressing rooms were open to the public—it isn't now. They discovered that no provision whatever had been made for changing the water in the swimming and diving tanks—this is now changed with great advantage to the performers."

"This profession is a hazardous one to the diving and swimming girls. There is a great open air tank of warm water outside their show place, in which they do a few stunts to attract the crowd. This means that on a chilly evening they come out of the warm tank, shiver with the cold and contract hideous chills. Two of them one evening could scarcely speak and coughed miserably, at \$12 a week. The Y. W. C. A. secretaries make every effort to cure those colds and to doctor through the 'first aid' department, the burst cardiums from which so many of the diving girls suffer, owing to the long pressure under water."

"All this sort of work, the zone club, the first aid, the rest rooms and the information assistance, is paid for out of the profits of that popular cafeteria selling good food at rockbottom prices, they can still make a profit, so well is the whole organization managed."

The Easiest Way To End Dandruff

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips. By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to fail.

In Milady's Boudoir

By Gwen Sears

If there is much sewing to do and there always is in the fall, on the children's clothes and dresses for oneself, the home dressmaker should take care that her eyes do not become overstrained or allowed to become too tired by close application to the stitching of seams, working of buttonholes or the thousands of other tasks that are necessary when dressmaking is being done.

For that reason always be careful when working on dark materials to wear a light colored apron and to spread a white cloth on the work table. If you are working by artificial light, a white cloth on the table will be found to increase the light to an appreciable extent, and thus the strain on the eyes will not be nearly as great.

On the other hand, if you are working on white or very light colored material, a dark cloth thrown over the lap will reduce the strain on the eyes. If needles having elongated eyes are used, they will be easier to thread than those with round eyes.

When the eyes become tired you will get relief by looking out of the window at a distant view, or a picture of a landscape that has distance to it; down a long road, or over the hills to distant mountains. Leaning the head against the chair back and covering the eyes with a cold compress will often relieve eye strain and even headache, which is the result of sewing on very fine materials or intricate stitchery on fine lace where the crochet hook is used.

Take care of your eyes for they are your best friends and servants.

Your Boys and Girls

A mother and father should so train their child at home that when the time comes that the child has gathered from observation and comparison some idea of what is right and wrong, he may be safely allowed to mingle with other children.

His feeling of trust will bring him to the one he loves for explanations of what seems to him to be wrong, and it is then the opportunity comes for preparing him rightly to meet the world as he will find it, with love of humanity, but dislike and even hatred for many of the evil deeds of humanity.

If you wish to keep the love and confidence of your children you must do all you can to make them love their home and believe in the identity of their interests and yours.

Head Stopped Up? Can't Breathe? Try the Vick Vap-O-Rub Treatment

Applied in Salve Form Over Throat and Chest Relieves by Inhalation and Absorption.

Vapor treatments are best for inflammations of the air passages. The vapors carry the medication direct to the inflamed surfaces without disturbing the stomach, as internal medicines will do. A very convenient vapor treatment is a good application of Vick's "Vap-O-Rub" Salve over the throat and chest, covered with a warm

annel cloth. The body heat releases vapors that are inhaled with every breath, opening the air passages, loosening the phlegm, and healing the raw surfaces. For deep chest colds, first apply hot wet towels to open the pores. Vick's is then absorbed through the skin, taking out all tightness and soreness. 25c, 50c, or \$1.00.

CHILD'S TONGUE BECOMES COATED IF CONSTIPATED

WHEN CROSS, FEVERISH AND SICK GIVE "CALIFORNIA SYRUP OF FIGS."

Children love this "fruit laxative," and nothing else cleanses the tender stomach, liver and bowels so nicely. A child simply will not stop playing to empty the bowels, and the result is, they become tightly clogged with waste, liver gets sluggish, stomach sours, then your little one becomes cross, half-sick, feverish, don't eat, sleep or act naturally. breath is bad, system full of cold, has sore throat, stomach-ache or diarrhoea. Listen! Mother! See if tongue is coated, then give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated waste, sour bile and undigested food passes out of the system, and you have a well, playful child again.

Millions of mothers give "California Syrup of Figs," because it is perfectly harmless; children love it, and it never fails to act on the stomach, liver and bowels.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Beware of counterfeits sold here. Get the genuine, made by "California Fig Syrup Company." Refuse any other kind with contempt.

An Ideal Remedy for Nursing Mothers

Compound of Simple Laxative Herbs
Safe for Baby and Mother.

Constipation is a condition that affects the old, young and middle-aged, and most people at one time or another need help in regulating the action of the bowels. Harsh cathartics and purgatives should not be employed to relieve constipation, as their effect is only temporary while they shock the system unnecessarily.

A remedy that can be used with perfect safety for the tiniest babe and that is equally effective for the strongest constitution is found in the combination of simple laxative herbs known as Dr. Caldwell's Syrup Pepsin and sold in drug stores everywhere for fifty cents a bottle. This is an ideal household remedy and should be in every family medicine chest.

Mrs. F. I. Barsolow, 18 Leslie St., Holyoke, Mass., writes to Dr. Caldwell, "Syrup Pepsin certainly is fine. I gave it to my baby, Evelyn, and also took it myself. It is the only medicine I have been able to take without affecting Baby in the nursing. I have used it for all four

children and it is fine; they like it and ask for it."

A trial bottle of Dr. Caldwell's Syrup Pepsin can be obtained, free of charge by writing to Dr. W. B. Caldwell, 454 Washington St., Monticello, Ill.

M'KINLEY'S

PROPHETCY QUOTED BY HERRICK
IN DEDICATING YOUNG
TOWN Y. M. C. A. BUILDING.

Words of Martyred President Uttered
on Similar Occasion Twenty-
three years ago.

(ASSOCIATED PRESS TELEGRAM)
Youngstown, O., Nov. 12.—Myron
T. Herrick, former governor of Ohio,
and former ambassador to France,
made an address at a dedication of
a new Y. M. C. A. building here to-
day. He called attention to the fact
that William McKinley, when govern-
or of Ohio, 23 years ago, had dedi-
cated the first Y. M. C. A. home in
Youngstown, which is being sup-
planted by the new structure.

McKinley's words on that occa-
sion were quoted by Mr. Herrick as
follows:

"It will stand a monument to your
city and an honor to those who have
shared in its building. It will be an
auxiliary to all moral and religious
efforts. It will be the vestibule to
the church and the gateway to a
higher and better Christian life. It
will not take the place of the
church, and other agencies for good,
but it will supplement and strength-
en all."

Mr. Herrick commented on the
growth of the Y. M. C. A. since its
origin in London in 1844, "until
now when it has upward of 5,000
branches and more than a 1,000,000
membership."

WELL-KNOWN COLUMBUS
WOMAN SPEAKS.

IT'S THE SAME IN ALL OHIO.

Columbus, Ohio. — "Being in a badly

run-down condi-
tion and nerv-
ous and tired-out
I used 'Favorite
Prescription.' It
was called to my
attention by an
advertisement. I
found it overcame
my bad symptoms
and feelings, and
I realized great
benefit from it.
It is the best
medicine of the
kind I have ever used and I am very
glad to endorse it."—Mrs. HATTIE E.
GAYNOR, 52 East 11th Ave., Colum-
bus, Ohio.

When a girl becomes a woman,
when a woman becomes a mother,
when women pass through the changes
of middle life, are the three periods of
life when health and strength are most
needed to withstand the pain and dis-
tress often caused by severe organic
disturbances.

At these critical times women are
best fortified by the use of Doctor
Pierce's Favorite Prescription, an old
remedy of proved worth that keeps
the entire female system perfectly
regulated and in excellent condition.

Mothers, if your daughters are weak,
lack ambition, are troubled with head-
aches, lassitude and are pale and sick-
ly, Dr. Pierce's Favorite Prescription is
just what they need to surely bring the
bloom of health to their cheeks and
make them strong and healthy.

For all diseases peculiar to women,
Dr. Pierce's Favorite Prescription is a
powerful restorative. During the last
40 years it has banished from the
lives of tens of thousands of women
the pain, worry, distress and diseases
caused by irregularities and diseases
of a feminine character.

BULGARIANS IN

SERBS' DEFEAT

(ASSOCIATED PRESS TELEGRAM)

12.—(Delayed in transmission.)—
An official statement issued today
by the Bulgarian war office was as
follows:

"Our troops continued the pursuit
of the defeated Serbian army on the
left bank of the Morava river.

"Fresh booty is being discovered
daily in conquered towns. Along
the railway in the Morava Valley we
captured today four quick firing
Howitzers, eight quick firing guns
with full ammunition cars, several
machine guns with teams, nine new
searchlights and eight hundred

South of Bolovaz near the rail-

RIGHTS

OF AMERICAN WOMEN WHO
MARRY FOREIGNERS RE-
FORE SUPREME COURT.

Emphasis is Laid Upon Importance
of Pending Case Because
of the War.

(ASSOCIATED PRESS TELEGRAM)
Washington, Nov. 12.—Citizen-
ship rights of American women who
marry foreigners but who continue
to live in the United States was
placed today before the supreme
court for decision. Emphasis was
laid on the importance of the case
because of the war.

Mrs. Ethel C. MacKenzie, of Cal-
ifornia, wife of Gordon MacKenzie,
a British subject, who has resided in
California ever since his marriage,
however, was attacking through at-
torneys the attempt to make ap-
plicable to her the expatriation act
passed by congress in 1907. Elec-
tion officials in San Francisco re-
fused to permit Mrs. MacKenzie to
register on the ground that she had
become a British subject by reason
of her marriage. She resorted to
the state courts for writs to compel
the officials to permit her to regis-
ter, claiming that the act of con-
gress did not apply to women re-
maining in this country and that if
it did it was unconstitutional. She
was denied the writs, and appealed
to the supreme court.

In the brief submitted to the court
in her behalf, it is said that the de-
cision is of vast importance to
American women because of the Euro-
pean war particularly if traveling on
the ocean.

VILLA'S ARMY AT
STRATEGIC POINT
SOUTH OF NACO

(ASSOCIATED PRESS TELEGRAM)
Douglas, Ariz., Nov. 12.—Gen-
eral Villa's main army is today
several miles south of Naco, having
occupied that position, it is said for
strategic reasons.

It is claimed by I. G. Lelivier,
Mexican consul at Naco, that 1,000
men under command of General
Juan Medina, are awaiting an op-
portunity to join General P. Elias
Calles, Carranza commander at Agua
Prieta. Medina is said to have
formally renounced Villa two days
ago.

General Urbalejo, Juan Antonio
Garcia and Colonel Teneiro, with
their commands, are reported at
Pesqueira, 18 miles north of Hermo-
sillo, repairing the railroad, presum-
ably with the intention of attempt-
ing to recapture the capital from
General Dieguez, Carranza leader,
who occupied it early in the week.

Genuine Prescription
For All Rheumatism

Pain Disappears and Swelling
Vanishes in a Few Days.

Rheuma—that is the name of the
scientific prescription that is putting
rheumatism out of business.

Rheuma cures by driving the uric
acid from the blood. It also acts di-
rectly on the kidneys and is better
for them than most so-called kidney
cures.

Says Samuel Powell of Geneva,
Ky.: "For several years I was such a
sufferer from rheumatism I could
not straighten out my right arm or
leg. After taking one bottle of Rheu-
ma my limbs are supple and free
from pain."

Gratifying relief comes in a day,
because Rheuma acts at one time on
the kidneys, stomach, liver and
blood, 50 cents a bottle of T. J.
Evans and all druggists.

pellers, is here awaiting shipment to

used to carry the mails and govern-
ment officials down the Magdalena
river between the capital and the
coast, six hundred miles.

"glider" of its kind ever built in the
United States.

A SCHOOLHOUSE
CONDEMNED AND
ANOTHER WILL BE.

(ASSOCIATED PRESS TELEGRAM)
Uniontown, Pa., Nov. 12.—One
school building has been condemned
and another probably will be closed
as a result of the buildings being
undermined by the operations at the
Leith coal mine here. When the
Park school building which accom-
modates about 600 children was
opened yesterday it was discovered
that the structure had settled dur-
ing the night, causing the walls to
crack. The school board at once
condemned the building. An in-
vestigation also disclosed the fact
that the central school building, ac-
commodating more than 1200 stu-
dents is also in a dangerous con-
dition.
